SPECIAL OFFER on World's Best MSR System

**MSR Lumber Grading System –
~~ONE (1) only available at 2007 prices.~~**

SOLD

**Offer Number MM-20080618-01 expires 18 July 2008
for delivery before 30 Nov 2008.**

All sales under Metriguard's Sales Agreement in US Dollars

With quickly rising steel and transportation costs it is not possible to offer new manufactured systems at these prices but we have one that was not sold from last year and it was produced at last year's costs. So we're passing the savings on to you, our loyal customers. New production will require a price increase of 14% to cover current steel and transportation costs.

**The first one to sign the Sales Agreement gets the deal!
Just call us for a quote. Phone number below**

This is NEW equipment, current production, including all upgrades to date.

This is the HIGH capacity system with operating speeds to 3,600 ft/min speed. This machine keeps up with the world's *fastest* planer line and produces IN-CONTROL MSR shift after shift after shift.

There are no compromises here! The Metriguard Model 7200 provides the best correlation with modulus of elasticity of the lumber and therefor provides the best Machine Stress Rated (MSR) grade yields available anywhere at any price.

Included:

One Model 7200 High Capacity Lumber Tester

One PCDS2 Data processing system

One shifting base and bypass conveyor

One Model 312 Bending Proof Tester (optional)

You also get a tool kit for your HCLT and for your Proof Tester, all included in the deal!
